

KEEP AMERICA BEAUTIFUL AFFILIATE

CLEANUP SAFETY TIPS

- **Keep a cell phone with you for emergency calls.**
- **Do not allow children to clean up along busy streets and roads.**
- **Do not allow children to pick up anything containing a liquid.**
- **Do not have people working on both sides of the road at the same time. Clean one side, then cross over and clean the other side as a group.**
- **Alert your local sheriff and police departments of the time, day and areas you will be working (and ask for patrols in those areas, if needed).**
- **Alert your local EMS/emergency personnel about your cleanup event.**
- **Have a First Aid Kit on hand and, if possible, set up a First Aid Station.**
- **Drink plenty of water and take break if the weather is hot.**
- **Wear bright colors and/or safety vests and gloves.**
- **Wash your hands or use hand sanitizer when you are done working.**

Have fun and be careful!

Thank you for helping keep Arkansas and your community beautiful!
